

Connected Archive Administration Training Course

Course Overview

This hands-on course provides a comprehensive introduction to Connected Archive (Enterprise and Private Cloud editions) Administration and Monitoring. Attendees will gain a solid understanding of a Connected Archive environment in addition to learning about the features and functions of the solution and how to configure, administer and maintain a Connected Archive environment.

Duration and Pricing

This is a 2-day course for up to 6 attendees. The cost of the course (inclusive of up to 6 attendees) is \$7,200 USD.

Delivery

The training course is delivered virtually using Webex Training Center by a dedicated remote instructor.

Pre-Requisites

To get the most out of the course, attendees should have a good understanding of Mail Servers, Application Servers, Directory Services, Web Services and Content Archiving Requirements.
